

## Bike Racks in

## Charleston

Promote:

a healthy lifestyle  
better air quality  
shopping local  
less congestion

Thursday, January 12

### A note to all from Jenny Humphreys, Chair of the Transportation Subcommittee, Charleston Green Committee

I am writing to make one more push for support of the Bike Rack Fundraiser. As a reminder, the Green Committee is hoping to raise the \$2600 of seed money to place the first order for U-Shaped bike racks to be installed at various locations around the City of Charleston. Each rack costs \$180, and \$2600 is the minimum needed to place an order. Donations can be made in any dollar amount.

The Bike Rack Campaign was extended to 1/31/12. It's not too late to contribute to our successful campaign to install bike racks throughout the City. Over \$3500 has been given thus far. That equates to 19 new bike racks for our community along city streets.

Thanks to all who have already made contributions to provide seed money for the City to launch this program! I want to especially thank [Affordabike](#) at 534 King Street for an especially generous donation.

We are collecting through the generous assistance of the Coastal Community Foundation's website through January 31, 2011!! Time is running out!! Please follow the link below to make your donation TODAY!
